Q: What is an "Emblem Use Authorization Statement"?

A: When a vehicle owner wants to obtain a specialty license plate from the Missouri Department of Revenue, the application must include an original Emblem Use Authorization Statement issued by the organization shown on the specialty license plate. A copy is not acceptable. An Emblem Use Authorization Statement is provided to the vehicle owner after the owner makes the designated minimum contribution to the organization for that purpose. An Emblem Use Authorization Statement may be obtained for a one-year or two-year (biennial) registration.

This process must be repeated every time the specialty license plate registration is renewed.
